

# Olshan Attorneys Advise on Merger of CERTPOINT Systems Inc. and Infor Inc.

FIRM NEWS | 04.01.2013

NextGen Insights, Newsday and HiTech Answers reported on the merger of Olshan client CERTPOINT Systems Inc., a provider of SaaS-based learning management software (LMS) and learning content management software (LCMS), with Infor Inc., a leading global provider of business application software serving more than 70,000 customers. CERTPOINT's principal stockholders, which include company management, as well as leading U.S. and international venture capital funds, approved the transaction. The Agreement and Plan of Merger was entered into on February 28, 2013, and the merger closed on April 1, 2013.
